CALL FOR SYMPOSIA PROPOSALS FOR
AAA’S ANNUAL MEETING AT EB 2016

SUBMISSION DEADLINE: APRIL 13, 2015

Get involved in AAA’s Annual Meeting! This is your chance to put your research front and center by suggesting a symposium on your topic of interest! The American Association of Anatomists is now seeking session proposals for AAA’s Annual Meeting at EB 2016 (San Diego, April 2-6, 2016). Here are AAA’s core general themes, but we are open to all new ideas:

**BASIC & CLINICAL SCIENCE RESEARCH**
- Anthropology, Evolution & Development
- Cardiovascular Biology
- Cell Biology & Morphology
- Developmental Biology
- Imaging/Computational Analysis
- Neurobiology
- Musculoskeletal Biology
- Stem Cell/Regeneration/Tissue Bioengineering
- Vertebrate Paleontology

**EDUCATIONAL SCIENCE RESEARCH & TEACHING**
- Allied Health Education (PT, OT, PA, etc.)
- Curricular Reform/Updates
- Dental School Education
- Medical School Education
- Methods and Approaches to Teaching
- Research in Anatomy Education
- Student Assessment
- Undergraduate Education (pre-professional)

Get involved and submit a proposal for a symposium or hybrid-symposium. Acceptance notifications will be sent in June 2015.

For more information and to submit a proposal online, go to:

http://www.anatomy.org/content/symposium-proposal-form

**IT’S YOUR MEETING: PARTICIPATE!**

Contact AAA at 301-634-7907 or cshultz@anatomy.org if you have any questions
