ADVERTISING, SPONSORSHIP, & PARTNERSHIP OPPORTUNITIES

AMERICAN ASSOCIATION FOR ANATOMY
Why work with the American Association for Anatomy (AAA)?

AAA represents a diverse, inclusive, and integrated community of more than 2,000 professionals in the anatomical sciences, healthcare, and allied health.

By working with us, you can reach a targeted customer base that aligns with your business, products, and services.

You’ll also affirm your support for AAA’s community of scientists, educators, and students and the organization’s mission to advance anatomical science through research, education, and professional development.
Newsletter Advertising

**CIRCULATION**
Approx. 2,500 members

**FREQUENCY**
Every other Wednesday
26 yearly issues

The Anatomy Now Weekly e-newsletter is rated as a top member benefit. Each edition is packed with breaking news on activities within our community, public policy updates, research breakthroughs, member profiles, and industry accomplishments.

**EXCLUSIVE OPPORTUNITY**
Up to two advertisers have the exclusive opportunity to purchase a banner ad in each issue of our e-newsletter.

**AD RATES**
$1,000 for two issues
$5,000 for 12 issues

**ACCEPTABLE ARTWORK**
728 px wide x 90 px tall
72 dpi or higher (144 dpi preferred)
PNG preferred, JPG acceptable
No GIFs
Sponsored Content

One sponsor can place content – an article, presentation, etc. – in the weekly e-newsletter.

CONTENT GUIDELINES

Written articles are generally limited to 1,200 words.
Content may be original or repurposed (e.g., from a company blog or case study). Still, it must be appropriate for dissemination to AAA members rather than strictly being a sales pitch.

Content is subject to sponsorship guidelines and editorial review. Content may contain hyperlinks and include one image. Additional images/graphics may be included at AAA’s discretion.

Sponsor Logo

Place your company’s logo and URL in front of thousands of anatomical scientists.

SPONSORED CONTENT RATES

$1,500 for one article/placement
$4,000 for three articles/placements

SPONSOR LOGO RATES

$2,000 for 12 issues (includes logo on the website)

FEATURED IMAGE

600 px x 300 px

There have been many studies outlining the positive effects for the use of 3-D printed anatomical models in a learning and procedural standpoint in medical education. However, little contemporary research has investigated these effects in the allied health or other health science areas.

Now research published in Anatomical Sciences Education by a team of Australian researchers have found that first-year osteopathic student who use 3-D printed upper limb skeletal models are more engaged and improved the students’ overall performance and learning confidence. ... Continue reading

Don’t Miss This Documentary Screening at Anatomy Connected
AAA’s website (anatomy.org) is a destination for a wide range of people seeking today’s best anatomical resources, advice, and connections, ranking on the top in anatomy, anatomy.org searches.

**Home Page Banner**

Our home page is our single most-viewed page, snapping up nearly 4,000 monthly views. Place your banner ad to build brand awareness, promote products or research, and confirm your enduring support of the anatomy community. Offered exclusively to one advertiser per month. The Banner appears below the member testimonial.

**AD RATES**

$1,000 per month  $2,500 per quarter

**ARTWORK SPECIFICATIONS**

1500 px wide x 300 px tall @ 72 dpi or higher (144 dpi preferred)

PNG preferred, JPG acceptable

URL destination subject to editorial review and approval

Averaging... 7,500+ unique visitors + 12,000 views per month

**AD SPACE**

1500 px x 300 px
AAA’s three journals, the Anatomical Record, Developmental Dynamics, and Anatomical Sciences Education, have teamed up to create the “Inspiring Scientific Curiosity and Discovery” webinar series. This webinar series features authors discussing their research and recent publications.

**FREQUENCY**
One webinar per month

**REACH**
Promoted to all current members and public audiences.
The average webinar registration is 150+ attendees.
The webinar recording will be posted on the AAA website.

**RATES**
$300 per webinar
$3,000 for all webinars (includes logo on the website)

**Sponsorship Includes**
Place your company’s logo and URL in front of thousands of anatomical scientists.

**Single Webinar:** Your logo, linked to your company’s URL, will be featured on the web pages promoting the upcoming and archived webinars. Provide your logo as a high-resolution JPG, PNG, or EPS file.

**All Webinars:**
Sponsor all webinars in 12 months and have your logo on the main webinar’s landing and archive pages.
Custom Sponsored Webinars

Present new research, share a case study, or address an emerging topic in the anatomical sciences and anatomy education – co-create a webinar for AAA members! Our webinar program includes a variety of presenters and topics. Best of all, our webinars are available to all members free of charge, both live and on-demand. (Webinar recordings are always available to members only via our archives. Upon request, the recording of your sponsored webinar will be available to you for sharing outside the AAA network.)

SPECIFICATIONS & GUIDELINES

Webinars are typically 60 to 90 minutes long and are hosted by AAA using Zoom.

Work with AAA staff – and preferably an AAA member – to co-create the webinar on a relevant topic. The sponsor may serve as moderator, panelist, or subject matter expert but may not give a sales pitch.

AAA reserves the right to approve the final presentation. The webinar will be promoted through AAA’s member-only and public social channels. (You may also market to your network!) The sponsor will be recognized in all promotions. Sponsors may include one question in the post-webinar survey. AAA will facilitate one follow-up email to registered webinar attendees on behalf of the sponsor, subject to approval and availability.

RATES

$5,000 per webinar
Events Sponsorship

Engage with our customers by showcasing your products where they are most likely to look for resources - at in-person events.

**ANATOMY CONNECTED**
**2024 MARCH 22–25 TORONTO**

**Anatomy Connected**
The meeting features keynote and plenary talks, workshops, symposia, posters presentations, professional development, and exhibits spotlighting products and services integral to this professional community. These exhibits play a crucial role in propelling scientific research forward and empowering scientists in their pursuit of new discoveries.

**Regional Meetings**
Our Regional Meetings offer opportunities for anatomy programs to provide students, educators, and researchers with national-level programs and benefits, a place to hone their presentations, and network with 200 local colleagues.

Attracts... **1,000+ Scientists**
from all over the world

Provides... **Local Growth**
for those interested in anatomy
New Sponsorship Opportunities

**Virtual Microscopy Database (VMD)**
Launched in 2017, the Virtual Microscopy Database (VMD) is a centralized repository where a community of almost 2,000 anatomy and histology scholars and researchers can share a large selection of virtual tissue slides for enhancing education, research, and scholarship.

**Virtual Dissection Database (VDD)**
Inspired in part by the COVID-19 pandemic and funded by AAA in July 2020, the Virtual Dissection Database (VDD) launched in February 2021 as a digital library of dissection videos and cadaveric images, as well as surface anatomy and clinical resources, to assist in teaching the anatomical sciences. The website has 717 approved users from over 450 institutions in 58 countries.

**SciComm Bootcamp**
An AAA program to empower about 100 members with skills in effective public communications strategies. Science communication is a fundamental part of doing science, and to do that, we must train our students/faculty the necessary skills to become effective communicators so they may then thrive in the industry of science.

**Anatomy Education Podcast**
This new podcast, with more than 37,500 downloads already, aims to promote the cutting edge anatomy education that is currently underway around the world. They discuss, share and exchange information and views about anatomy, with interviews, conversations, conference updates and the latest news and opinions from current anatomy research.
Partnerships

Industry Membership

We seek to identify several strategic partners to help us meet our mission to advance anatomical science through research, education and professional development.

Join AAA as an Industry Member and gain access to multiple benefits including:

• Your company logo and a link to your website featured on the Anatomy.org website as an industry Member.

• A 10% discount on all exhibit space, advertising, and sponsorship packages.

• Early access for members with booth placement and sponsorships for Anatomy Connected.

• Membership registration rate to attend.
For more information or to discuss these opportunities more in depth, please contact:
