

SPONSORSHIP and EXHIBITS

AAA will host a one-day regional meeting for students, postdocs, and faculty to participate in symposia sessions, poster presentations, and network with each other. This one-day meeting will consist of morning plenary speakers and afternoon workshop sessions on topics related to craniofacial anatomy. Plan to be involved with this meeting through exhibits or sponsorship!

Attendees

Approximately 100 plus AAA members and non-members, 50% graduate students and 50% faculty, are expected to attend. The faculty members are in anatomy, medical education, physical therapy, and rehabilitation departments, along with graduate and medical students in similar fields. The small intimate size of this learning opportunity provides for excellent networking, enhanced in-depth learning with trending topics, and educational poster displays.

Plan now to support our meeting and reach this audience!

There are several opportunities to support the valuable educational opportunity at the Regional Meeting and expand your exposure to this audience. Discounts will be provided if you sponsor more than one event or provide necessary materials for the workshops.
